Denmark`s beautifulnature Marina

A number of enthusiastic people founded in 1970 our Marina "Otterup Lystbaadehavn" normally called EGENSEDYBET. Due to an extraordinary effort from a large number of people the basin was dug out and built over period of just two years after several years spent obtaining the necessary permissions as the area borders designated nature reserves. Now we can enjoy the benefit of this enormous effort, which has given us the foundation to enjoy a good social life with many interesting events throughout the summer. The Marina is in the private ownership of 79 shareholders and has just finished a renovation during 2013 with new jetties being added in 2016. A number of visiting sailors from far and near visit our Marina during the summer each year and thus helps bringing extra life to our Marina.

Shopping: Various possibilities in Otterup – approx. 6. Km. (4 ml.) from the Marina.

Loan of bicycles: Contact the port's regular users to borrow bicycles.

Shelter Can be Booked: <http://www.bookenshelter.dk>

Toilets and baths:

In the westerly end of the Mast house, you will find separate facilities for Ladies and Gentlemen – all free of charge.

Kitchen:

Visiting sailors can use the kitchen in the clubhouse. You are, however, naturally expected to tidy up as well as wash up after use.

The clubhouse and glass house may be used when the weather does not permit sitting outside.

Toilets and baths: In the westerly end of the Mast house, you will find separate facilities for Ladies and Gentlemen – all free of charge.

Emptying holding tanks and toilet containers: Is not permitted in the port's toilets. - We are working on a future solution.

Places of Interest:

Follow the embankment from the Marina for approx. 1 km. (2/3 ml.), turn right for Hofmangave. Guides are available during the season.

Enebærodde: Follow the embankment past Hofmangave to the beach (Hasmark beach – approx. 4 km. (2,5 ml.) from the Marina) Follow signposts to Enebærodde. Enjoy the beautiful untouched nature to the end of the spit. From here you have a pleasant sight of the entrance to the fiord into Odense.

Fjordmarken A reclaimed land area with thriving bird- and wildlife. See further information at the Pump Station on the embankment.

Memorial for the Bogø Reclamation Scheme: The Stones, which borders the Egense Marina.

The port is Safe Harbor Certified 2023

Please familiarize yourself with safety equipment, fire extinguishers, etc. Lifejackets are available for free loan in the glasshouse.
